

The heating is controlled through programming. So, should you wish to turn up the heating you can do so on the hive thermostat just by the lounge cupboards and it will go back to its program at the next interval. Please do not touch the boiler or any of the settings in the cupboard it will cause problems for us and additional costs.

For Wi-Fi there is WIFI available from Globe vale and not us.

Prices per device:

Wi-Fi charges:

£5 for 3 days. Unlimited use.

£10 per week. Unlimited use.

We think that is everything you need to know for your stay, but should you get there and have questions please email and I will come back to you as soon as I can.

*N.B. We do not provide towels or tea towels so please remember to bring your own.*

# Your home for the next few days

This is some brief info about your holiday home

Address: 5 Brea View, Globe Vale Holiday Park, Scorrier, Nr Redruth, TR16 4BH

## Thanks for booking 5 Brea View

We thought you might like to know a few things about your stay with us and a few requests on our part too about the upkeep of the holiday home. This is a lovely family run park and we are sure you will be delighted with your stay

### Lounge, kitchen, Diner

This is a lovely open space for you and your family to be for the week. There is a wide screen TV for your use in the lounge and one of the sofas pull out into a double bed (please let us know ahead if you need to make use of this). Remote controls for the TV will be underneath the TV. There is also a remote-control flame effect fire for the colder months this will be on the fire place. We politely ask that you do not allow dogs staying with you, on any of the furniture please.

The kitchen contains oven, microwave and washer, dryer. There are separate instructions for the washer dryer should you need it and there is also a launderette on site. When cooking please always have the kitchen window open and the cooker extractor fan on. We also ask when finished with the sink drainer please wipe down and dry. There are basic cooking utensils provided and plastic plates

For eating outside. Should you need to Hoover this area there is a Dyson cylinder Hoover under the sink and a Dyson handheld for quick jobs in the airing cupboards. If you have a dog with you it would be a great help if you could run the Hoover through now and then.

### Decking and doors.

Please feel free to make use of the decking areas but please use the door latches to hold doors open as it gets very windy and the glass will shatter. Also if you have your canine friends with you please do not allow them to use the decking as a loo, please take them for a walk or to the dog field and take plenty of poo bags

### Bedrooms

We have two bedrooms. The master which is a double with built in wardrobe, TV and ensuite bathroom.

Bedroom two is a twin room or this can be pushed together, and a mattress topper placed over both beds to make a double. It does make it a little tight for space, but it does mean there is another double. We would need to know this as the point of booking.

We ask that you do not place wetsuits in the wardrobes please they create damp please hang in the bathroom or on the washing line to the back of the van, it does get windy so careful when hanging items out

### Bathrooms

We have two bathrooms. The main with a fabulous shower (the best I have ever used) and an ensuite comprising of loo and basin. We ask that fans are always on when using them and that you please wipe down after use. There is a shower scraper for use in the shower once finished please use to prevent water marks and please do not use ANY cleaners on the shower. These are lovely bathrooms please help keep them that way

### Park facilities

- There is an on-site bar and restaurant that opens from May – September
- An on-site shop with limited opening hours
- A dedicated dog field just one-minute walk from the van and next to the bar!
- Wash off points for wet suits
- Coin operated Launderette

You are less than ten minutes from Portreath or Porthtowan and ten minutes from Truro if you fancy some shopping.

Wheal Peevor the old tin mine is worth a walk around particularly with the dogs in the evening

And if you are an ambitious walker/cyclist there is a 4-mile trail to Portreath beach [www.globevale.co.uk](http://www.globevale.co.uk) for more info on the site

The rubbish policy on the site it to recycle where possible. So there is a black bin outside, situated to the rear of the van, for general waste and there is a recycling Centre down behind reception. Please take glass, cardboard, plastic and paper there to be disposed of. Please place any dog waster in general waste. When using the black bin please place the log on top as high winds will take the lids.

Take away services who will deliver, specify that you are the fifth van on the left as you enter the park and keep an eye out for them

- Dominoes Pizza [www.dominos.co.uk](http://www.dominos.co.uk)
- Moganojax Pizza, salads and so much more [www.moganojax.co.uk](http://www.moganojax.co.uk)
- Redruth Kebab 01209 212874
